Wheel Nut and Stud Thread Gauge Kit

WNID

- Use to identify wheel stud and wheel nut thread pitch and diameter
- Makes replacement wheel nut selection simple
- Each gauge is colour coded with thread sizes clearly stamped
- Constructed of high-grade aluminum
- Use gauge female end for wheel studs and male end for wheel nuts
- Wire cable ties all gauges together to help prevent loss

Gauges Included:

14mm x 1.50, 14mm x 2.00, 12mm x 1.25, 12mm x 1.50, 12mm x 1.75, 7/16" x 20, 1/2" x 20, 9/16" x 18
