BIG SAVINGS!

With Service Champ Serpentine Belts

**Save Up To 50% or More
Over the National Brand**

Service Champ Brand Belts

The Service Champ belt program is packed with value, beginning with very competitive pricing. Service Champ brand belts are manufactured to Original Equipment specifications by Continental® - a trusted name in rubber, leading O.E.M. supplier and a recognized National Brand. The Service Champ belt line has excellent coverage utilizing less inventory. This equates to a lower shop overhead and fewer lost sales. The use of an easily recognized and decipherable numbering system makes belt selection simple for technicians. Each belt sleeve includes routing diagrams on the back for quick reference by technicians if needed.

We can assist with store belt inspection and service training. Call to schedule in-store staff training as a refresher or to get started with belt service. Either way, we are here to help.

Promotional Offer

For a limited time, purchase any **10** Service Champ belts and receive a **free** Belt Inspection Kit. Please reference part# **BIK** to receive a Belt Inspection Kit with your belt order.

Belt Inspection Kit Includes:
